SWISS ARMY KNIVES
2015

**SWISS ARMY KNIVES
2015**

VICTORINOX 1884-2014 130 YEARS OF EXPERIENCE AND LIVED SWISS TRADITION

The little red pocket knife, with cross and shield emblem on the handle is an instantly recognizable symbol of our company. In a most unique way, it conveys excellence in Swiss craftsmanship, and also the impressive expertise of more than 2,000 employees worldwide.

The principles by which we do business, are as relevant today as they were in 1897 when our company founder, Karl Elsener, developed the «Original Swiss Army Knife»: functionality, innovation, iconic design and uncompromising quality. Our commitment to these principles over the past 130 years has allowed us to develop products that are not only extraordinary in design and quality, but also in their ability to serve as reliable companions on life's adventures, both great and small.

Today, the full range of Victorinox knives is comprised of over 1,100 models. This year marks the first time that the range is presented in two, separate catalogs: «Swiss Army Knives» and «Household and Professional Knives». We are pleased to offer this updated and streamlined assortment, with our best, and perhaps future classics.

Victorinox

Karl Elsener

ITEM NUMBER STRUCTURE

Scale colors and types

Pocket knives are classically produced with red cellidor scales featuring the Victorinox emblem. Other colors or types of scales are denoted after the 5th-digit of the item number:

<p> 0.6223 = red</p> <p> 0.6223.2 = blue</p> <p> 0.6223.3 = black</p> <p> 0.6223.4 = green</p> <p> 0.6223.7 = white</p> <p> 0.6223.8 = yellow</p>	<p> 0.6223.T = red transparent</p> <p> 0.6223.T2 = blue transparent</p> <p> 0.7133.T3 = black transparent</p> <p> 0.6203.T5 = pink transparent</p> <p> 0.6226.T7 = silver transparent</p> <p> 0.6421.63 = walnut</p>	<p> 0.6223.94 = camouflage</p> <p> 0.7240.T21 = ice-blue translucent</p> <p> 0.6203.840 = edelweiss</p>
---	--	--

(Alox)

	0.6540.16 = Alox polished
	0.6221.26 = Alox ribbed

(Two-component scales)

	0.9523.C = red/black
	0.9563.MWC4 = green/black
	2.4913.C8 = yellow/black
	0.8331.MC9 = orange/black

Please also see our most common scale colors in the overview on the back cover page.

Structure within the item number

The 5th-digit of the item number denotes:

1.3600. = without ring, tweezers and toothpick	1.3603. = with ring, tweezers and toothpick
1.3601. = with ring	1.3604. = 3. + mini screwdriver
1.3602. = with tweezers and toothpick	1.3605. = 4. + pressurized ballpoint pen

Abbreviations before the item number

A.6140 = replacement parts	C.7100.T = replacement scales and knife cases
-----------------------------------	--

Abbreviations after the item number

0.3705.AVT = Traveller-functions	0.8413.M3 = one-handed blade for military, fire service, paramedics, police
0.6223.B1 = blister	3.0227.N = with nylon pouch
0.9523.C = two-component scales	0.6223.T = transparent or translucent scales
1.3601.J14 = anniversary edition	0.8321.MWC = wavy edge
3.0223.L = with leather pouch	1.6795.XLT = extra large for collectors
0.6223.L1501 = limited edition	

A numbering code for Swiss Army Knives is available.

MATERIALS

SCALE MATERIALS

Cellidor (CP) Cellidor is an organic, thermoplastic cellulose ester that incorporates a high proportion of the renewable natural material cellulose. Unlike traditional plastics, it is only partially dependent on fossil fuels. Components made of Cellidor exhibit an exceptional high-gloss finish with a perfect depth effect. To improve abrasion and scratch-resistance, scales printed with a special promotional motif are treated with a protective coating.
Max. usable temperature 65 °C.

Classic, NailClip, Elegant Pocket Knives, SwissCards, Evolution, EvoGrip, Officer's Knives

Acrylonitrile butadiene styrene (ABS) Acrylonitrile butadiene styrene is an amorphous thermoplastic. ABS plastics exhibit excellent toughness, notched impact strength, impact strength, flexural rigidity and surface hardness.
Max. usable temperature 80 °C.

Polyamide (PA) Nylon is a term commonly used primarily in the U.S. to describe polyamides (PA). Polyamides are suitable for use in pocket knife scales because they exhibit better mechanical abrasion resistance. This also has benefits from a production perspective. Compared to high-gloss and smooth Cellidor components, they have a more structured surface.
Max. usable temperature 90 °C.

Robust models, Multi-Tools, RangerGrip

Aluminium (Alox) Alox scales are punched from aluminum, embossed and then anodised in a subsequent process stage. The Eloxal process uses anodic oxidation to create a protective layer. This layer of oxide is hard and protects the scales from damage and corrosion, up to a certain degree.

Pioneer

Walnut Wood is a natural, renewable resource. The walnut used by Victorinox comes from Swiss forests and is in full compliance with EU Regulation No. 995/2010 (the EU Timber Regulation). The wood of the walnut tree is very solid, tough and strong.

NailClip Wood, EvoWood, RangerWood

Steel Components

All pocket knife components (excluding rivets) are made from martensitic stainless steel. Making a blade that offers optimum functionality and durability requires the right steel alloy. The steel must ensure excellent edge retention and sufficient resistance to rust, but should also be flexible so that it does not break during use.

The following steel alloys are used for Swiss Army Knives:

Material no.	for	Abbreviation DIN	C (%)	Cr (%)	Mo (%)	V (%)
1.4110	blade	X 55 Cr Mo14	0.48 - 0.60	13.0 - 15.0	0.50 - 0.80	≤ 0.15
1.4021	spring	X 20 Cr13	0.16 - 0.25	12.0 - 14.0		
1.4031	tools	X 39 Cr 13	0.36 - 0.42	12.5 - 14.5		

All Victorinox alloys are in accordance with Regulation (EG) no. 1935/2004 for products that come into contact with food.

PACKAGING

There are two types of packaging for pocket knives: Standard packaging and blister packaging.

S 1 Standard packaging (S)

The following options apply to standard packaging: Folded box, slide gift box and loose products.

B 1 Blister (B)

Blister packed products are denoted with «B1» at the end of the item number.

ICON

SWISSCARDS

CLASSIC

LITE

NAILCARE

It's time to meet the SwissCard Classic, Lite and Nailcare series. Packed with useful tools, a SwissCard is the same size as a credit card, just a little thicker – and no matter how much you use it, there's no risk of going overdrawn! It also fits perfectly into the card slots in regular wallets and billfolds so you can take it with you wherever you go. And if you prefer to carry your SwissCard in your purse or jacket, we also offer a range of pouches in practical imitation leather or especially elegant genuine leather.

MEDIUM POCKET KNIVES

- 84 MM ORIGINAL SWISS ARMY KNIVES, SMALL MODELS
- 85 MM EVOLUTION RANGE
- 91 MM ORIGINAL SWISS ARMY KNIVES, LARGE MODELS
- 93 MM PIONEER RANGE

Victorinox founder Karl Elsener patented his elegant, lightweight and exceptionally versatile «Officer's and Sports Knife» on July 12, 1897. Along with the «Swiss Soldier's Knife», produced since 1890, these two tools laid the foundation for the current Victorinox range. Today, the iconic Officer's Knife is now exhibited in museums all over the world, including New York's Museum of Modern Art and the International Design Museum in Munich, Germany. The Original Swiss Army Knife has become an established classic – synonymous with creativity, functionality and of course unparalleled Swiss quality.

LARGE POCKET KNIVES

111 MM STURDY POCKET KNIVES

111 MM POCKET KNIVES

130 MM RANGERGRIP RANGE

130 MM HUNTER PRO RANGE

If you're looking for that little bit extra, our large pocket knives should be your first port of call. Produced with exceptional attention to safety, functionality and robustness, all the models in this range incorporate design features that make them safer to use – above all, the reliable locking mechanism for the sharp main blade. The thickness of the individual tools and the rivet joints also make the knives even more stable, while the ergonomically designed nylon scales make sure you always have a firm hold on your knife.

All these features make our large pocket knives the ideal choice when it comes to more demanding tasks. No wonder they've become an integral part of a soldier's kit in so many armies around the world. Fire rescue workers, police officers and medics also put their trust in uncompromising Swiss quality in their crucial but challenging work. Our lockable pocket tools also prove their worth on a daily basis when out hunting.

SWISSTOOLS

SWISSTOOL SPIRIT SWISSTOOL

Ask anyone who's ever gotten out of a sticky situation thanks to a multi-tool of this kind, or anyone who has come to appreciate their precision, versatility and stability in day-to-day life – they wouldn't be without them. These are the most robust tools currently available in the Victorinox range – the exceptionally powerful SwissTool, and its younger and slightly handier brother, SwissTool Spirit.

With strong, ergonomically designed handles made of finely polished, easy-care stainless steel, these solidly built all-rounders are exceptionally satisfying to use. All the tools can be accessed from the outside so you can find the right tool without having to open out the handle arms. All blades lock in position when folded out to ensure maximum safety and assist with demanding manual tasks. The locking back spring mechanism is exceptionally secure, but also easy to unlock when necessary.

**HORTICULTURE, FORESTRY
AND AGRICULTURE**

When it comes to growing, grafting and looking after fruit trees and ornamental plants, there are no high-tech shortcuts that can match a sharp, top-quality tool. After all, success largely depends on making precise and expertly executed cuts – that's the only way to minimize damage to the plants. It's no surprise then that Victorinox knives have been the top choice for professionals in garden centers and tree nurseries all over the world for decades.

ACCESSORIES

The perfect accessory adds that all-important finishing touch to any Victorinox knife. That's why, for every product in the range, there's also a pouch that can keep it safe in your pocket or close to hand on your belt. So what will it be – imitation leather, real leather or nylon? Black, brown, red, green or a fluorescent color? Do you prefer a belt loop or a handy clip? The choice is yours! With a range of stainless steel curb chains, snap-hooks, belt-hangers and colorful lanyards also available to add some extra character, you'll always have easy access to your Victorinox tool and never have to risk losing it. Last but not least are the Victorinox knife sharpeners – a real must for all true knife enthusiasts, with ceramic and diamond filing surfaces to get any blade back into perfect shape.

SWISS ARMY KNIVES

For dirty and sticky blades, we recommend opening and closing the blades several times in warm water until they move freely. Allow to dry completely. Add a drop of oil between the blades and the tool casing or springs as well as other friction surfaces.

Multi-tools should never be cleaned in a dishwasher.

We recommend:
Multi-Tool Oil (item number 4.3301)

Key features:

- odorless and tasteless
- high resistance to aging
- protection against wear and corrosion
- NSF certified and food compatible

HOUSEHOLD AND PROFESSIONAL KNIVES

Victorinox recommends rinsing knives under running water directly after use. Salt or acidic leftovers can lead to spotting if the knife is left uncleaned over longer periods of time. Knives that are dishwasher safe are marked with the corresponding icon within the catalog.

1 Blister (B)

VICTORINOX WARRANTY

Victorinox AG guarantees all knives and tools to be of first class stainless steel and also guarantees a life time against any defects in material and workmanship (save for electronic components 2 years).

Damage caused by normal wear and tear, misuse or abuse are not covered by this guarantee.

- A service charge may apply for repairs and services that are not covered by the warranty.
- Our standard warranty repair includes replacement of parts that are broken, bent or suffer from general wear and tear. All other parts will be polished.
- If there are tool parts of sentimental value, that you do not want replaced or if you wish for a part or parts to be returned, please state this in written form.
- If you are from Switzerland, please contact your local retailer or send us your tool, well packed, directly to our repair department:
- If you are from Germany, Austria, Belgium or Luxemburg, please contact your local dealer or send us your tool, well packed, directly to our repair department:
- If you are NOT from Switzerland, Germany, Austria, Belgium or Luxemburg, please contact a local Victorinox representative or local dealer. They will be glad to assist you and possible mail delivery fees to and from Switzerland, are included in the warranty.

Swiss Made stamp on the tang of the large blade

To use the Swiss Made label, at least 60% of production cost must be attributed to operations carried out in Switzerland. Pocket knives made by Victorinox are produced in Ibach-Schwyz and Delémont and are thus «Swiss Made».
