

VICTORINOX

SWISS ARMY KNIVES  
2017

MAKERS OF THE ORIGINAL SWISS ARMY KNIFE | ESTABLISHED 1884

**SWISS ARMY KNIVES  
2017**

## VICTORINOX 1884-2017 MORE THAN 130 YEARS OF EXPERIENCE AND LIVED SWISS TRADITION

The little red pocket knife, with Cross & Shield emblem on the handle is an instantly recognizable symbol of our company. In a unique way, it conveys excellence in Swiss craftsmanship, and also the impressive expertise of more than 2,000 employees worldwide.

The principles by which we do business, are as relevant today as they were in 1897 when our company founder, Karl Elsener, developed the «Original Swiss Army Knife»: functionality, innovation, iconic design and uncompromising quality. Our commitment to these principles for more than 130 years has allowed us to develop products that are not only extraordinary in design and quality, but also in their ability to serve as reliable companions on life's adventures, both great and small.

Today, the full range of Victorinox knives is comprised of over 1,200 models. The range is presented in two, separate catalogs: «Swiss Army Knives» and «Household and Professional Knives». We are pleased to offer this streamlined assortment, with our best, and perhaps future classics.

*Carl Elsener*

## SWISS QUALITY

A product can be classified as «Swiss Made» if at least 60% of production costs are occurred in Switzerland.

The knives and tools produced by Victorinox are manufactured entirely in Ibach-Schwyz and Delémont. They are thus «Swiss Made» and this is shown on the blade or packaging.

Swiss Made stamp on the tang of the large blade

# ITEM NUMBER STRUCTURE

A numbering code for Swiss Army Knives is available.

## Scale colors and types

Pocket knives are usually produced with red cellidor scales featuring the Victorinox emblem. Other colors or types of scales

are denoted after the 5th-digit of the item number:

0.6223	RED	0.6223.T	RED TRANSPARENT
0.6223.2	BLUE	0.6223.T2	BLUE TRANSPARENT
0.6223.3	BLACK	0.7240.T21	ICE-BLUE TRANSLUCENT
0.6223.4	GREEN	0.7133.T3	BLACK TRANSPARENT
0.6223.51	LIGHT PINK	0.6203.T5	PINK TRANSPARENT
0.6223.7	WHITE	0.6226.T7	SILVER TRANSPARENT
0.6223.8	YELLOW	0.6421.63	WALNUT
0.6223.94	CAMOUFLAGE		
0.6223.941	DESERT CAMOUFLAGE	(Alox)	
0.6203.840	EDELWEISS	0.6540.16	ALOX POLISHED
		0.6221.26	ALOX RIBBED
(Two-component scales)			
0.9523.C	RED/BLACK	0.8331.MC9	ORANGE/BLACK
0.9563.MWC4	GREEN/BLACK	0.8461.MWC941	BEIGE/BROWN
2.4913.C8	YELLOW/BLACK		

Please also see our scale colors of the main categories in the overview on the back cover page.

## Abbreviations before the item number

<b>A.6140</b>	replacement parts
<b>C.7100.T</b>	replacement scales and knife cases

## Structure within the item number

The 5<sup>th</sup>-digit of the item number denotes:

<b>1.3600.</b>	without ring, tweezers and toothpick	<b>1.3603.</b>	with ring, tweezers and toothpick
<b>1.3601.</b>	with ring	<b>1.3604.</b>	3. + mini screwdriver
<b>1.3602.</b>	with tweezers and toothpick	<b>1.3605.</b>	4. + pressurized ballpoint pen

## Abbreviations after the item number

<b>0.3705.AVT</b>	Traveller-functions	<b>0.6223.L1501</b>	limited edition
<b>0.6223.B1</b>	blister	<b>2.3603.SE</b>	lock blade
<b>0.9523.C</b>	two-component scales	<b>0.6223.T</b>	transparent or translucent scales

<b>SWISS TOOL SPIRIT XC</b>	blade with wavy edge, without pointed tip
<b>MY FIRST VICTORINOX H</b>	wood saw
<b>EVOLUTION S</b>	lock blade, straight edge
<b>CLASSIC SD</b>	screwdriver
<b>PIONEER X</b>	scissors

## STAINLESS STEEL

All pocket knife components (excluding rivets) are made from martensitic stainless steel. Making a blade that offers optimum functionality and durability requires the

right steel alloy. The steel must ensure excellent edge retention and sufficient resistance to rust, but should also be flexible so that it does not break during use.

The following steel alloys are used for Swiss Army Knives:

MATERIAL NO.	FOR	ABBREVIATION AISI	C (%)	CR (%)	MO (%)	V (%)
1.4110	blade	X 55 Cr Mo 14	0.48 - 0.60	13.0 - 15.0	0.50 - 0.80	≤ 0.15
1.4021	spring	X 20 Cr 13	0.16 - 0.25	12.0 - 14.0		
1.4031	tools	X 39 Cr 13	0.36 - 0.42	12.5 - 14.5		0.1 - 0.2

*All Victorinox alloys are in accordance with Regulation (EG) no. 1935/2004 for products that come into contact with food.*

## SUSTAINABILITY

Since decades, issues concerning environmental protection and sustainability have been given high priority at Victorinox.

**100% RECYCLED STEEL**

## SCALE MATERIALS

<b>Cellidor</b> 	<p>Cellidor is an organic, thermoplastic cellulose ester that incorporates a high proportion of renewable natural cellulose material. Unlike traditional plastics, it is only partially dependent on fossil fuels. Components made of Cellidor exhibit an exceptional high-gloss finish with perfect depth effect. To improve abrasion and scratch-resistance, scales printed with a special promotional motif are treated with a protective coating. Max. usable temperature 65 °C.</p>	<b>Companion, Swiss Card, Evolution, Offiziersmesser</b>
<b>Acrylonitrile butadiene styren</b> 	<p>Acrylonitrile butadiene styrene is an amorphous thermoplastic. ABS plastics exhibit excellent toughness, notched impact strength, impact strength, flexural rigidity and surface hardness. Max. usable temperature 80 °C.</p>	<b>Companion, Swiss Card, Evolution, Offiziersmesser</b>
<b>Polyamide</b> 	<p>Nylon is a term commonly used primarily in the U.S. to describe polyamides (PA). Polyamides are suitable for pocket knife scales because they exhibit better mechanical abrasion resistance. This also has benefits from a production perspective. Compared to high-gloss and smooth Cellidor components, they have a more structured surface. Max. usable temperature 90 °C.</p>	<b>Workman, Ranger</b>
<b>Aluminium</b> 	<p>Alox scales are punched from aluminum, embossed and then anodised in a subsequent process stage. The Eloxal process uses anodic oxidation to create a protective layer. This layer of oxide is hard and protects the scales from damage and corrosion, up to a certain degree.</p>	<b>Pioneer</b>
<b>Walnut</b> 	<p>Wood is a natural, renewable resource. The walnut used by Victorinox comes from Swiss forests and is in full compliance with EU Regulation No. 995/2010 (the EU Timber Regulation). The wood of the walnut tree is very solid, tough and strong.</p>	<b>Nail Clip Wood, Evolution Wood, Ranger Wood</b>

# PACKAGING

There are two types of packaging for pocket knives:  
Standard packaging and blister packaging.

ICON

S	B
6	10

— Packaging variation  
— Sales unit (quantity\*)

\*We recommend to order sales units.

## STANDARD PACKAGING (S)

The following options apply to standard packaging: Folded box, slide gift box and loose products.

## BLISTER (B)

Blister packed products are denoted with «B1» at the end of the item number.

## SWISS CARDS

# APPS CAN ONLY TAKE YOU SO FAR

CLEVER  
FUNCTIONAL  
EVER READY

It's time to meet the Swiss Card Classic, Lite and Nailcare series. Packed with useful tools, a Swiss Card is the same size as a credit card, just a little thicker – and no matter how much you use it, there's no risk of going overdrawn! It also fits perfectly into the card slots in regular wallets and billfolds so you can take it with you wherever you go. And if you prefer to carry your Swiss Card in your purse or jacket, we also offer a range of pouches in practical imitation leather or especially elegant genuine leather.

## MEDIUM POCKET KNIVES

# THE ORIGINAL SWISS ARMY KNIFE

MULTIFUNCTIONAL  
RELIABLE  
ICONIC

*Evolution  
of the Officer's Knife  
from 1897 to date*

Victorinox founder Karl Elsener patented his elegant, lightweight and exceptionally versatile «Officer's and Sports Knife» on July 12, 1897. Today, the iconic Officer's Knife is now exhibited in museums all over the world, including New York's Museum of Modern Art and the International Design Museum in Munich, Germany. The Original Swiss Army Knife has become an established classic – synonymous with creativity, functionality and of course unparalleled Swiss quality.

## LARGE POCKET KNIVES

# HEAVY-DUTY

SAFE  
FUNCTIONAL  
TOUGH

If you're looking for that little bit extra, our large pocket knives should be your first port of call. Produced with exceptional attention to safety, functionality and robustness, all the models in this range incorporate design features that make them safer to use – above all, the reliable locking mechanism for the sharp main blade. The thickness of the individual tools and the rivet joints also make the knives even more stable, while the ergonomically designed Nylon scales make sure you always have a firm hold on your pocket knife.

## SWISS TOOLS

# MULTI-TALENT

DEPENDABLE  
VERSATILE  
STURDY

Ask anyone who's ever gotten out of a sticky situation thanks to a multi-tool of this kind, or anyone who has come to appreciate their precision, versatility and stability in everyday life – they wouldn't be without them. These are the most robust tools currently available in the Victorinox range – the exceptionally powerful Swiss Tool, and its younger and slightly handier brother, Swiss Tool Spirit.

With strong, ergonomically designed handles made of finely polished, easy-care stainless steel, these solidly built all-rounders are exceptionally satisfying to use.

Swiss Tool Spirit / Swiss Tool ►►

## GARDEN

# SPECIALISTS

PRECISE  
EFFICIENT  
STAINLESS

When it comes to growing, grafting and looking after fruit trees and ornamental plants, there are no high-tech shortcuts that can match a sharp, top-quality tool. After all, success largely depends on making precise and expertly executed cuts – that's the only way to minimize damage to the plants. It's no surprise then that Victorinox knives have been the top choice for professionals in garden centers and tree nurseries all over the world for decades.

DANI ARNOLD /  
MATTERHORN NORTH FACE

VICTORINOX

**AMBASSADOR**

## EIGER NORTH FACE SPEED 2:28 H ... WITH VICTORINOX

Dani Arnold became well known primarily for his speed record for climbing the Eiger North Face in 2011.

He completed the solo ascent of the wall in 2 hours and 28 minutes. Later, he took part in the first winter ascent of the Torre Egger in Patagonia. Further successes took place in Alaska, China and Pakistan.

Top athletes represent the Victorinox brand and accomplish their peak performance with our knives and tools.

[www.daniarnold.ch](http://www.daniarnold.ch)

**Dani Arnold**  
Extreme Mountaineer and Mountain Guide

**MULTI-TOOLS**

For dirty and sticky blades, we recommend opening and closing the blades several times in warm water until they move freely. Allow to dry completely. Add a drop of oil between the blades and the tool casing or springs as well as other friction surfaces.

Muti-tools should never be cleaned in a dishwasher.

**We recommend:**  
Multi-Tool Oil (item number 4.3301)

Key features:

- Maintains tool mechanics
- Protects against corrosion
- Meets NSF H1 requirements

**HOUSEHOLD AND PROFESSIONAL KNIVES**

Victorinox recommends rinsing knives under running water directly after use. Salt or acidic leftovers can lead to spotting if the knife is left uncleaned over longer periods of time. Knives that are dishwasher safe are marked with the corresponding icon within the catalog.

**B** BLISTER (B)

**VICTORINOX WARRANTY**

Victorinox AG guarantees all knives and tools to be of first class stainless steel and also guarantees a life time against any defects in material and workmanship (save for electronic components 2 years).

Damage caused by normal wear and tear, misuse or abuse are not covered by this guarantee.

- A service charge may apply for repairs and services that are not covered by the warranty.
- Our standard warranty repair includes replacement of parts that are broken, bent or suffer from general wear and tear. All other parts will be polished.
- If there are tool parts of sentimental value, that you do not want replaced or if you wish for a part or parts to be returned, please state this in written form.
- If you are from Switzerland, please contact your local retailer or send us your tool, well packed, directly to our repair department:
- If you are from Germany, Austria, Belgium or Luxemburg, please contact your local dealer or send us your tool, well packed, directly to our repair department:
- If you are NOT from Switzerland, Germany, Austria, Belgium or Luxemburg, please contact a local Victorinox representative or local dealer. They will be glad to assist you and possible mail delivery fees to and from Switzerland, are included in the warranty.
